Dear Examiner Koczo:

Enclosed please find response to your Office Action of January 14, 2004. We are enclosing clean and marked-up copies of the Substitute Specification and claims.

I believe that we have corrected all of the defects that you mentioned in the Office Action, and we request that you apply the prior art in an advisory action.

I also do not believe that any new matter has been entered in our amendments, and that all amendments refer to structure or function that was mentioned previously. If you do find that there has been new matter entered, however, we will be prepared to file a continuation-in-part at the appropriate time.

We look forward to your response. Thank you for your consideration.

Yours very sincerely,

DAVID PETER ALAN
